4 CABLING
QUALITY PRODUCTS FOR A CONNECTED WORLD

PREMIUM SERVER RACKS

4Cabling premium range server racks have several features that are not found on basic racks including integrated cable management, lockable mesh doors, earthing wires for grounding, bi-fold mesh rear doors, removable cable glands on the top and at the bottom of the rack, sliding shelves and fan kits. Data centres and equipment rooms require only the highest quality racks as without it your servers and networking equipment are in danger of overheating or damage from poor installation. As a leading Australian server rack provider, **4Cabling** ensures you only receive the best in premium equipment. Our premium range racks are in stock and ready to ship with free freight Australia wide.
