Description

Cable Ducting 16mm(W) x 16mm(H) x 2m: White

Solid Cable Wiring Duct is the perfect cable management solution for applications requiring support and routing to control panels, distribution boards and switchgear. The cable ducting protects cabling from corrosive materials typically found in warehouses to extend the life of your network cables.

FEATURES

- Solid wall trunking system is best used for routing and organising cables in applications requiring few or no breakout points
- PVC wire cable duct features a completely enclosed design, providing maximum protection from dust, debris and chemical hazards
- Lightweight solution mounts easily with optional double-sided tape or rivets and washers
- Included cover snaps into place and can be removed and reinstalled numerous times
- Self-extinguishing PVC is 94-V-0 rated to protect from toxic halogens and dangerous smoke if ignited
- Can be used with [double sided tape](#), not included

SPECIFICATIONS

- Material: High impact, warp-proof PVC, self-extinguishing, UL approved 94V-0
- Colour: White
- Maximum service temperature: 85?
- UL Test up to 50?
- Dimensions: 16mm(W) x 16mm(H) x 2m

WARRANTY

1 year limited warranty.
