Description

Cable Cover - 70mm x 15mm x 2m: White

This Adhesive cable cover or cable ducting protects and conceals floor cables, as well as keeps cables tidy behind wall-mounted TVs. Use on office flooring to prevent trip hazards, or attached to walls behind LED TVs with the included double-sided tape. Ideal for use with computer cords and extension leads to keep the cables untangled.

The cable duct can be used indoors or outdoors. It is suitable for most floors that are flat or with a slight variant in gradient. Due to its quality and impact-bearing PVC material, this should not be used in areas where you require substantial flexing across high equipment cables or different floor levels.

When you are looking for cable management solutions, look no further than 4Cabling.

FEATURES

- Stylish rounded profile
- Great for office or home use
