Socomec NRT3-5000CK NeTYS RT 5000VA UPS

Product Images

Socomec NRT3-5000CK NeTYS RT 5000VA UPS

When looking for UPS solutions Socomec has the protection you need. The NeTYS RT 5000VA is a great option for protecting the power of servers and networking devices, VoIP communication systems, structured cabling systems, and more. It features a clear and uncluttered Socomec LCD interface as well as a load segmentation function to prioritize loads and manage critical situations.

The Socomec UPS boasts high protection and availability, online double conversion technology with sinusoidal waveform, permanent regulation of output voltage and frequency, and wide tolerance of the input voltage.

The slution for

- Servers and networking devices
- VoIP communication systems
- Structured cabling systems
- Video surveillance systems
- Control systems
- Switching
- Edge data centres and more

Simple to install

- No configuration necessary on first startup.
- Space and time saving 'tower-to-rack' conversion mode.
- Compact footprint (tower mode).
- High density rack enclosure saving valuable cabinet rack space.

High protection and availability

- Online double conversion technology with sinusoidal waveform, completely filters out all disturbances from / to the mains power supply and ensures maximum protection of the utility.
- Wide tolerance of the input voltage reduces switchovers to battery mode, prolonging battery life.
- Possibility of 1+1 parallel and redundant configuration to maximise the availability of critical utilities (up to 22 kVA).
- Hot-swap plug-in manual bypass.

Certified performance

- Performance tested and verified by independent laboratory.
- Full performance up to 40 °C without derating.

Easy to use

- Clear and uncluttered multilanguage LCD display.
- Wide range of communication protocols for integration into LAN networks or Building Management Systems.
- IoT ready device for access to connected services.
- Load segmentation function to prioritize loads and manage critical situations.

Extended and flexible back-up time

- Hot-swap modular battery extension (EBM) to meet all back-up time requirements, even after installation.
- Battery ageing detection function.
- Fast recharge - even for very long back-up time.
- Li-Ion battery technology-ready.

WARRANTY

2-year limited warranty

WHY 4CABLING?

- Australia's leading importer & wholesaler of 19" server racks, copper, ethernet cable, fibre optic leads & structured networking products
- ISO 9001, NSW Govt. & GITC (QLD Govt.) approved supplier
- Secure online shopping 24/7
- A loyal customer base of 100k+ who trust us for their data & electrical needs
- Over 3000 quality products in stock ready to go
- All products are approved as per local Australian standards
- Warranty & peace of mind return policy
- Lightning fast delivery nationwide
- Expert advice
- Proudly 100% Australian owned & operated
