Description

USB 2.0 AM-AF Extension Cable

USB 2.0 AM to AF Active Extension Cable is a bus-powered extension cable that can be used to increase the length of a device cable without the worry of signal loss and potential performance problems.

This cable contains active chipset which can boost the USB signal for maximum reliability and performance over extended distances.

Specifications:

- USB bus powered
- Gold plated connector
- Compliant with USB 2.0
- Active USB extension cable ensures good signal quality to meet USB 2.0 specs
- Plug and play, no additional drivers required
- Extend USB signal up to 20M

Warranty

- 1-year limited warranty.
