# 4Cabling CAT6 UTP RJ45 Insta Crimp Plug. 100 pack

**WORKS ONLY WITH 4Cabling Insta Crimp Tool [001.006.0520](#)**

4Cabling Insta Crimp Plugs. Simplifies twisted pairs termination by allowing the wires to be inserted through the connector and out the front. This feature allows the technician to verify the proper wiring order.

Electrical performance of the termination is optimised by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. By reducing the distance between the wire twists and contacts, performance is optimised!

[4Cabling Insta Crimp Tool](#) Required.
