### Description

## TP-Link 300Mbps Wireless N ADSL2+ Modem Router TD-W8961N

The TP-LINK Wireless N Access Point TD-W8961N is designed to establish or expand a scalable high-speed wireless N network or to connect multiple Ethernet enabled devices such as game consoles, digital media adapters, printers, or network attached storage devices to a wireless network. The easy one-touch wireless security encryption with the WPS button makes it simpler to connect wirelessly and secure.

Now, you can enjoy a better Internet experience when downloading, gaming, video streaming or with any other application that you may wish to use.

### Features:

- &
- All-in-One Device: ADSL2+ Modem, NAT Router, 4-Port Switch and Wireless N Access Point
- Wireless N speed up to 300Mbps makes it ideal for heavy bandwidth consuming or interruption sensitive applications like online gaming, Internet calls and even the HD video streaming
- Easy Setup Assistant with multi-language support provides a quick & hassle-free installation

- Easy one-touch wireless security encryption with the WPS button and easy Wi-Fi On/Off button

## Warranty:

3 year limited warranty
