20m Premium High Speed HDMI cable with Ethernet and Built-in Repeater | Supports 4K@60Hz as specified in HDMI 2.0

A faster, Smoother and seamless experience with the increased maximum bandwidth of up to 18.0 Gbps enabling the leads to carry video resolution up to 4K @60Hz with 24 bit/pixel colour depth as per the HDMI 2.0 Specifications.

The Premium High Speed HDMI cable also supports ARC (Audio Return Channel), HDR, HDCP 2.2, 3D, HEC

The 4Cabling Premium High Speed HDMI cable with Repeater is designed for applications that require HDMI transmission over long distances. The repeater helps boost the signal by allowing it to be transferred over long distances. 4Cabling Premium High Speed HDMI cables are backwards compatible with older HDMI devices: simply plug it into any standard Type-A Female HDMI socket and it's all good to go. This means our leads are compatible with previous standard and compatible with a wide range of Audio/ Video players such as Blu-ray players, DVD players, LED, LCD, plasma and OLED TVs, Commercial Video Mixers, projectors, media players and games consoles such as the PS4 and Xbox One. HDMI connection transmits uncompressed audio-video data in 100% digital form, this in itself adds up to the world-class viewing experience, with superb video accuracy and audiophile-quality sound.

With 24K gold-plated corrosion-resistant connectors, you can rest assure that this 4Cabling HDMI cable will last longer than most other HDMI cables. The oxygen-free cable and fully shielded construction make our Premium High Speed HDMI cable virtually noiseless, with very low distortion, making it very reliable for any Audiophile and Home Theatre enthusiast.

4Cabling Premium High Speed HDMI Cable Features:

- RoHS Compliant
- Bandwidth: 18Gbps performance
- HDMI 19-pin male to HDMI 19-pin male connections
- Backwards compatible with earlier versions of the HDMI cable specifications
- Supports resolutions up to 4K2K@60hz, which is 4 times higher than 1080p @60Hz
- Fully shielded to reduce EMI and other interference sources

4Cabling Premium High Speed HDMI Cable Specifications:

- Colour: Black
- Pin plating: 24K Gold
- Supported Bandwidth: 18Gbps
- Maximum Resolution: 3840px x 2160px @60Hz or 4k2k@60Hz 4:4:4
- Operating temperature: -25°C to 80°C
- Connector A & B: HDMI Type A Male
- Cable diameter: 9.0 ±0.15mm
- Cable length: 20m
- Built-in Booster located near the middle of the cable
- Booster Dimensions: 120mm ±3mm long and diameter of 19mm ±3mm
- Warranty 3 Years

PLEASE NOTE

Due to the built-in booster/amplifier, the cable is directional and needs to be connected correctly as per the cables input and output labels near the ends. The input needs to connect to the source such as a Blu-ray player or computer, and the output needs to be connected to the display such as the TV or monitor.

WHY 4CABLING?

- Australia's leading importer & wholesaler of 19" server racks, copper, fibre cable & structured networking products
- ISO 9001, NSW Govt. & GITC (QLD Govt.) approved supplier
- Secure online shopping 24/7
- A loyal customer base of 100k+ who trust us for their data & electrical needs
- Over 3000 quality products in stock ready to go
- All products are approved as per local Australian standards
- Warranty & peace of mind return policy
- Lightning fast delivery nationwide
- Expert advice
- Proudly 100% Australian owned & operated
