6 Core Security Cable 14/0.20mm - 300m - Grey

Product Images

Description

6 Core Security Cable 14/0.20mm - 300m - Grey

Looking for a reliable and high-quality security cable that meets ACA compliance standards? Look no further than our 6 Core Security Cable 14/0.20mm - 300m - Grey! This premium-quality multicore cable is designed specifically for security applications and is the perfect choice for all of your low-voltage needs.

With a conductor stranding of 14/0.20mm, this cable is approximately 20AWG in gauge, making it ideal for a wide range of security applications. The cable is also supplied on 300M strong polypropylene reels with count-down meter-markings, making it easy to use and convenient to store.

The cable features six conductor colors (white, blue, red, black, green, and yellow) for easy identification, and is encased in a durable PVC jacket that's resistant to wear and tear. The jacket is also grey in color, ensuring that it blends seamlessly into any environment.

But that's not all - our 6 Core Security Cable 14/0.20mm - 300m - Grey is also ACA compliant, meaning it meets the highest standards for safety and quality. So whether you're looking for a reliable security cable for your home or business, you can trust our 6 Core Security Cable to get the job done right
