# TP-Link JetStream 8-Port Gigabit Easy Smart Switch with 4-Port PoE

## Product Images

## Description

# TP-Link JetStream 8-Port Gigabit Easy Smart Switch with 4-Port PoE

# FEATURES

- 8 10/100/1000Mbps RJ45 ports
- Equipped with 4 x 802.3af PoE ports with up to 15.4W for each port, data and power can be transferred on one single cable
- Supports PoE power up to 55W for all PoE ports
- Provides network monitoring, traffic prioritization and VLAN features
- Simple network set-up on top of plug-and-play connectivity
- Web-based user interface and Easy Smart Configuration Utility simplify configuration

# WHAT THIS PRODUCT DOES

The TL-SG108PE is an 8-port Gigabit Easy Smart Switch with 4 PoE ports, represents a powerful upgrade from an unmanaged switch. It is designed specifically for small businesses that require simple network management and PoE function. The TL-SG108PE can connect and power up to four PoE devices, such as wireless access points (APs), IP cameras, and IP phones. Through its web-based user interface and management utility, the TL-SG108PE offers a variety of useful features, including network monitoring, traffic prioritization, and enhanced QoS. Additionally, with port-based, tag-based, and MTU VLAN, TL-SG108PE can improve security and meet more network segmentation requirements.

# POWER OVER ETHERNET

4 of the 8 Auto-Negotiation RJ45 ports (port 1 to port 4) of the switch support Power over Ethernet (PoE) function. These PoE ports can automatically detect and supply power with those IEEE 802.3af compliant Powered Devices (PDs)

# EASY TO USE

The TL-SG108PE is easy to use and manage. Auto MDI/MDI-X crossover on all ports eliminates the need for crossover cables and uplink ports. Auto-negotiation on each port senses the link speed of a network device (either 10, 100, or 1000 Mbps) and intelligently adapts to promote compatibility and optimize performance. The convenient, compact size makes it ideal for desktops with limited space. Active LED indicators to provide real-time status feedback and basic error diagnostics.

# WARRANTY

1-year limited warranty

# WHY 4CABLING?

- Australia's leading importer & wholesaler of 19" server racks, copper, ethernet cable, fibre optic leads & structured networking products
- ISO 9001, NSW Govt. & GITC (QLD Govt.) approved supplier
- Secure online shopping 24/7
- A loyal customer base of 100k+ who trust us for their data & electrical needs
- Over 3000 quality products in stock ready to go
- All products are approved as per local Australian standards
- Warranty & peace of mind return policy
- Lightning fast delivery nationwide
- Expert advice
- Proudly 100% Australian owned & operated
