Description

4Cabling | Straight Plug IP66 500V 4Pin 20A

Upgrade your industrial connectivity with 4Cabling's Straight Plug IP66 500V 4Pin 20A, designed to withstand the harshest environments both indoors and outdoors. Engineered with precision, these plugs guarantee optimal protection against dust and water, ensuring the safety and longevity of your electrical connections.

Crafted for heavy-duty usage, these plugs boast a range of features to enhance performance and convenience. From locking rings ensuring a secure IP66 rating to a transparent pin surround for easy plug-in socket location, every detail is geared towards efficiency and safety. Plus, the premium grade stainless steel and brass internal mechanisms ensure reliable operation even in the most challenging conditions.

Experience hassle-free assembly with quick assembly screwed rings and a wider lock-ring for easy unscrewing, ideal for use even with protective gloves. With small and large cable seals provided, these plugs accommodate a wide range of cable dimensions, ensuring versatility and compatibility for your diverse needs.

Elevate your industrial connections with 4Cabling's Straight Plug IP66. Trust in quality, reliability, and performance

for all your electrical needs.
