4Cabling | Extension Socket IP66 250V 10A 3Flat Pin

Upgrade your outdoor and industrial electrical setup with the 4Cabling Extension Socket IP66 250V 10A 3Flat Pin. Engineered for durability and reliability, these sockets are IP66-certified to withstand the harshest conditions, making them ideal for commercial and industrial use. Available in a range of pin configurations and voltages, they offer flexibility to suit various applications.

Crafted with premium materials like polycarbonate housing and high-quality resins, these sockets ensure long-term performance even in extreme weather conditions. The inclusion of small and large cable seals accommodates a wide range of cable dimensions, ensuring compatibility and ease of installation. Plus, the wider lock-ring design makes it easier to unscrew from sockets, ideal for operating while wearing protective gloves.

Upgrade your electrical infrastructure with the 4Cabling Extension Socket IP66. Trust in its durability, versatility, and performance for all your outdoor and industrial applications.

FEATURES

- Available in 10A-32A options
- Suitable for medium to large single-phase and three-phase loads
- Locking rings for IP66 rating
- Transparent pin surround for easy socket location
- Premium grade stainless steel and brass internal mechanisms
- Quick assembly with screwed ring
- Impact-resistant, UV stabilised mouldings
- Stronger cord clamp and body sleeve connection

SPECIFICATIONS

- **Qty in Pack:** 1
- **Colour:** Orange
- **IP Rating:** IP66
- **Pin Configuration:** 3 Flat
- **Material:** Polycarbonate
- **Supply Voltage:** 250V 10A
- **Nominal Conductor Size:** 1.5mm²
- **Max Cable Diameter:** 10.6mm
- **Compliances:** AS/NZS 3123:2005, AS/NZS 3100:2017+A1:2017

WARRANTY

3-years limited warranty
