4Cabling | Socket Outlet 4Pin IP66 500V 20A

Transform your industrial electrical infrastructure with the 4Cabling Socket Outlet 4Pin IP66 500V 20A. Crafted for durability and reliability, this socket is IP66-certified, making it suitable for outdoor and warehouse applications. With options ranging from 10A to 32A, you can select the voltage that suits your requirements best.

Featuring hose-proof and dust-resistant flaps with automatic snap catch latches, this socket ensures maximum protection against environmental elements. Its transparent flap allows for instant visual inspection of socket condition and pin configuration, facilitating easy maintenance. With IP66 and UV ratings, along with temperature resistance from -25°C to +50°C, it's tailored to withstand harsh Australian conditions.

Elevate your electrical setup with the reliability and durability of the 4Cabling Socket Outlet IP66.

FEATURES

- Available in 10A - 32A options
- Hose-proof and dust-resistant flaps with automatic snap catch latches
- Transparent flap for instant visual inspection
- IP66-rated for protection against dusty and wet environments
- UV-rated for protection against harsh and direct sunlight
- Temperature resistance from -25°C to +50°C
- Grey color to blend into industrial environments
- Enclosures made from PVC for compatibility with standard electrical PVC conduit accessories
- Hinged flap on sockets to maintain IP ratings

SPECIFICATIONS

- **Qty in Pack:** 1
- **Colour:** Grey
- **IP Rating:** IP66
- **Pin Configuration:** 4 Round
- **Material:** PVC
- **Supply Voltage:** 500V 20A
- **Compliances:** AS/NZS 3112:2017 AS/NZS 3100:2017+A1:2017

WARRANTY

3-years limited warranty
