4Cabling | Socket Outlet 4Pin IP66 500V 32A

Elevate your industrial electrical setup with the 4Cabling Socket Outlet 4Pin IP66 500V 32A. Engineered for rugged environments, these sockets are IP66-certified, ensuring protection against dust and water ingress, making them ideal for outdoor and warehouse applications. With a choice of pin and voltage options ranging from 10A to 32A, they offer versatility to suit various needs.

Featuring hose-proof and dust-resistant flaps with automatic snap catch latches, these sockets provide enhanced durability and security. The transparent flap allows for instant visual inspection of socket condition and pin configuration, ensuring hassle-free maintenance. With UV resistance and temperature resistance from -25°C to +50°C, they are built to withstand harsh Australian conditions.

Enhance your industrial electrical infrastructure with the reliability and durability of the 4Cabling Socket Outlet IP66.

FEATURES

- Available in 10A - 32A options
- Hose-proof and dust-resistant flaps with automatic snap catch latches
- Transparent flap for instant visual inspection
- IP66-rated for protection against dust and water ingress
- UV-rated for protection against harsh and direct sunlight
- Temperature resistance from -25°C to +50°C
- Grey color to blend into industrial environments
- Enclosures made from PVC for solvent bonding to standard electrical PVC conduit accessories
- Hinged flap on sockets to maintain IP ratings

SPECIFICATIONS

- **Qty in Pack:** 1
- **Colour:** Grey
- **IP Rating:** IP66
- **Pin Configuration:** 4 Round
- **Material:** PVC
- **Supply Voltage:** 500V 32A
- **Compliances:** AS/NZS 3112:2017 AS/NZS 3100:2017+A1:2017

WARRANTY

3-years limited warranty
