4C | Weatherproof Double Power Point IP53 250V 10A

The 4Cabling Weatherproof PowerPoint Series is IP53-certified, temperature and UV resistant - perfect for the harsh Aussie conditions outdoors or in a warehouse.

APPLICATION

All units are designed for general outdoor lighting e.g. gardens, tennis courts, carports and illuminating signs

FEATURES

- Impact Resistant, Flush mounting with IP66 Rating
- Ample room inside for easy installation
- Dual 25mm knockouts at the bottom and single 25mm knockout on side and Back
- There are two 20mm plain entries, one on the top and the other& on the side
- Temperature Resistance

The temperature range is limited by two aspects:

1. The material used in mouldings
2. The operating temperature of the electrical components.

This limits the use of the standard product to -25°C to +75°C
