4C | Bugle Head Needle Point Screws 6G x 32mm Pack of 300

These screws are cost-effective, multipurpose, threaded screws designed for plasterboards, timber and sheet metal. Protected with Gold zinc lubricated coating with class 2 corrosion resistance properties. Manufactured as per the Australian Standards: AS 3566 and AS/NZS 4411-2015.

Features and Benefits

Self-piercing hardened needle points for a fast start and accurate screw positioning on the board. Slim profile, high strength shanks designed for use with power drivers. Double helix twin thread form for extra grip and fast installation in timber.

Application

Designed for fastening plasterboard, gyprock and drywall sheeting to timber and light gauge steel.
