# 4C | Button Head Self Drill Screws 8G x 20mm Box of 500

High performance multipurpose screw equipped with a Phillips No. 2 drive large diameter low profile neat finish head. Available with a self piercing hardened needle point and self drilling points. Protected with Gold zinc lubricated coating with Class 2 and zinc plated for Class 3 corrosion resistance properties. Manufactured as per the Australian Standards: AS 3566 and AS/NZS 4411-2015.

## Features and Benefits

Comes with either self piercing hardened needle points or self drilling hardened point for fast insertion and a self centered start. Precision thread design for homogeneous load distribution. Able to use with high speed drills of 2200rpm.

## Application

These screws are designed for general purpose use and fastening sheet metal to cladding.
