Description

4C | Button Head Self Drill Screws 8G x 20mm Box of 500

High performance multipurpose screw equipped with a Phillips No. 2 drive large diameter low profile neat finish head. Available with a self piercing hardened needle point and self drilling points. Protected with Gold zinc lubricated coating with Class 2 and zinc plated for Class 3 corrosion resistance properties. Manufactured as per the Australian Standards: AS 3566 and AS/NZS 4411-2015.

Features and Benefits

Comes with either self piercing hardened needle points or self drilling hardened point for fast insertion and a self centered start. Precision thread design for homogeneous load distribution. Able to use with high speed drills of 2200rpm.

Application

These screws are designed for general purpose use and fastening sheet metal to cladding.
