KVM Console Extender Over Cat 6/6A 70 Meters with HDMI Loop-Through

This KVM console extender transmits HDMI 1080p AV signal, as well as USB for keyboard and mouse up to 70m with CAT6 or higher level cables. It overcomes the HDMI signal transmission distance limit to make projects more stable and save cost to a large extent.

Support PC, KVM and Server remote Control, especially for real-time monitoring and management of traffic control centers, medical Institution, Video Editing, Advertising, Conference Systems, Home Theater and more. The product can automatically adjust parameters to match different network cables and achieve the best display performance.
