Description

IEC Extension Cord 5m M-F: White

The IEC Extension Male-Female Cables are perfect for connecting your computer to your monitor or your printer. These IEC Extension M-F Cables can be used as an extension plug and extend your standard IEC power cord, such as the power supply cord for your computer, and it can also connect from your computer base to your monitor. There are a number of sizes of these cables and we stock a wide range to cater to most needs.

All our IEC Leads are manufactured in compliance with Australian Standards and International Quality Guidelines.
