

2M Micro HDMI® to HDMI Cable

Product Images

2M Micro HDMI to HDMI Cable

This HDMI cable provides a one-cable solution for many of your home entertainment needs. It is used to connect your devices with a micro HDMI interface, such as some cameras and phones to your HDTV. You can then experience high-quality audio and video from your home theater.

Features

- High-speed HDMI cable with ethernet
- Data transfer rate up to 10,2 Gb/s
- Supports Dolby® TrueHD and DTS-HD Master Audiotrade;
- HDCP compliant
- HDMI Ethernet Channel - Adds high-speed networking to an HDMI link, allowing users to take full advantage of their IP-enabled devices without a separate Ethernet cable
- Audio Return Channel - Allows an HDMI-connected TV with a built-in tuner to send audio data "upstream" to a surround audio system, eliminating the need for a separate audio cable
- Support 3D - Defines input/output protocols for major 3D video formats, paving the way for true 3D gaming and 3D home theater applications
- Support 4K resolution - Enables video resolutions far beyond 1080p, supporting next-generation displays that will rival the Digital Cinema systems used in many commercial movie theatres

Warranty

1-year limited warranty.
