

2m IEC C14 to C15 High Temperature Extension Cable | Black

Product Images

Description

2m IEC C14 to C15 High Temperature Extension Cable | Black

This IEC C14 to IEC C15 High Temperature - Male to Female power cable is specifically designed for high-temperature applications with HP/ CISCO Switches & devices. The IEC C15 Connector on the cable is notched at the bottom and can be differentiated by that notch from an IEC C13 connector, the IEC C15 connector can still be used where IEC C13 connector is used but **not** vice versa as the this cable is rated for 248 rather than the 158° for C13 connectors.

FEATURES

- Moulded design
- Compliant with AS/NZS3112
- Electrical Safety Authority Approved
- 1x IEC C14 Male & 1x IEC C15 Female Connectors
- High-Temperature RR Flex

SPECIFICATIONS

- **Length:** 2m
