

HDMI® Extender Over Cat 6/6A 50 Meters with IR Passback and Power From TX Side Only

Product Images

Description

This HDMI network extender transmits HDMI 1080p@60H AV signal up to 50M with cat6 or higher level cables. It overcomes HDMI signal transmission distance limit to make projects more stable and save cost to a large extent.

Features

- Uncompressed and zero latency
- Plug and play, without software installation
- Supports resolution of up to [1080p@60Hz](#)
- Transmission distance of up to 50meters via CAT6/6A cable
- Built-in EDID pass back function to get better compatibility
- Includes a transmitter unit (TX) and a receiver unit (RX), working as a pair
- Support POT and IR passback so you can easily control source device from the receiver side
- Pure hardware transmission
- Auto-adjusting to match cable length
- HDMI lossless transmission
- Powered from the transmit (TX) side only

Warranty

1-year limited warranty.
