## Description

# Teltonika | RUTX10 | Professional Industrial Gigabit Ethernet VPN Router

### Professional Ethernet Router

The RUTX10 is a reliable Enterprise router that runs on RutOS - an advanced OpenWRT-based operating system. With four Gigabit Ethernet ports, speeds up to 1000 Mbps, a rugged aluminum housing, and support for dual-band Wi-Fi 5 802.11ac, the RUTX10 is well suited for high data transmission and robust wireless performance, a perfect choice for small to mid-size office application.

These powerful specifications combined with RutOS software features provide a perfect synergy between hardware and software, making this device an amazing performer in Enterprise solutions.

## FEATURES

- **WIFI & BT:** Wave-2 802.11ac Dual band WIFI and Bluetooth LE
- **Protocols:** Multiple protocols supported including MQTT, Modbus TCP, BGP, GRE
- **I/O & USB:** Digital Input / Output for remote monitoring and control and USB 2.0 interface
