TP-Link TL-SG105 | 5 port Gigabit Desktop Switch | Desktop Steel Case

The TP-Link Gigabit Unmanaged Switch TL-SG105/TL-SG108/TL-SG116 provides an easy way to expand your wired network. With all ports supporting Auto-MDI/MDIX, there's no need to worry about the type of cable to use. Featuring full duplex mode, TL-SG105/TL-SG108/TL-SG116 can send and receive data at a rate of up to 2000Mbps, making it an ideal choice for expanding your high-performance wired network. Moreover, with innovative energy-efficient technology, TL-SG105/TL-SG108/TL-SG116 can save power consumption, making it an eco-friendly solution for your home or office network.

Featured 10/100/1000Mbps ports, TL-SG105/TL-SG108/TL-SG116 greatly expands your network capacity, enabling instant large file transfers. So, power users in the home, office, workgroup, or creative production environment can now move large, bandwidth-intensive files faster. Transfer graphics, CGI, CAD, or multimedia files across the network instantly

When a computer or network equipment is off, the corresponding port of a traditional switch will continue to consume considerable amounts of power. TL-SG105/TL-SG108/TL-SG116 can
automatically detect the link status of each port and reduce the power consumption of ports that are idle, resulting in a reduction in power use.

The auto features of this gigabit switch make installation plug-and-play and hassle-free. No configuring is required. Auto MDI/MDIX eliminates the need for crossover cables. Auto-negotiation on each port senses the link speed of a network device (either 10, 100, or 1000 Mbps) and intelligently adjusts for compatibility and optimal performance.

FEATURES

- 5 × 10/100/1000 Mbps Auto-Negotiation RJ45 ports supporting Auto-MDI/MDIX
- Plug and play, no configuration needed
- Supports 802.1p/DSCP QoS and IGMP Snooping functions
- Durable metal casing, desktop/wall-mounting options, and a fanless design
- IEEE 802.3x flow control provides reliable data transfer
- Green Ethernet technology reduces power consumption

WARRANTY

3-year limited warranty

WHY 4CABLING?

- Australia's leading importer & wholesaler of 19" server racks, copper, ethernet cable, fibre optic leads & structured networking products
- ISO 9001, NSW Govt. & GITC (QLD Govt.) approved supplier
- Secure online shopping 24/7
- A loyal customer base of 100k+ who trust us for their data & electrical needs
- Over 3000 quality products in stock ready to go
- All products are approved as per local Australian standards
- Warranty & peace of mind return policy
- Lightning fast delivery nationwide
- Expert advice
- Proudly 100% Australian owned & operated
