TP-Link EAP610-Outdoor | AX1800 Indoor/Outdoor Dual Band WiFi 6 Access Point

FEATURES

- Superior WiFi 6 Speeds: Delivers dual-band speeds of up to 1.8 Gbps powered by the latest WiFi 6 technology[†]
- Higher Network Efficiency: Enjoy faster speeds on more devices with less lag via OFDMA and MU-MIMO
- Long-Range Coverage: Dedicated high-power amplifier and professional antennas with IP67 weatherproof enclosure
- Omada Mesh Technology: Enables wireless connectivity between access points for extended range and flexible deployment*
- Stay Smooth with Fast Roaming: Users can enjoy seamless streaming across the property with their devices switching effortlessly between access points**
- Centralised Cloud Management: Integrates into Omada SDN for cloud access and remote management

[†]Maximum wireless signal rates are the physical rates derived from IEEE Standard 802.11 specifications. Actual wireless data throughput and wireless coverage are not guaranteed and will vary as a result of network conditions, client limitations, and environmental factors, including building materials, obstacles, volume and density of traffic, and client location.

*Omada Mesh, Seamless Roaming, Cloud Access, and Captive Portal require the use of Omada SDN controllers. Go to Omada Mesh Product List to find all the models supported by Omada mesh technology, and refer to the User Guides of Omada SDN controllers for configuration methods.

**The maximum range of WiFi coverage is calculated based on field tests. The real transmission range may vary, according to the environment, receiving device, etc.

WARRANTY

3-years Warranty
