## 10M USB 3.1 Type-C AM-CM Active Extension Cable Black

# | 28+24AWG Supports 5Gbps

Introducing our cutting-edge USB 3.1 Reversible Type-C Male to USB 3.0 A Male Charge & Sync Cable - the ultimate solution for all your charging and data transfer needs. This innovative cable lets you effortlessly connect your latest smartphones, tablets, and any other upcoming devices with a USB type C connector to a host computer, wall charger, or external battery power bank with USB 2.0 or 3.0.

Experience lightning-fast data transfer speeds of up to 5Gbps, making file transfers and backups a breeze. The cable also supports up to 5V/3Amps of power output for charging, ensuring your devices are always powered up and ready to go.

What's more, the USB-C connector is a new user-friendly reversible connector that eliminates the hassle of figuring out which way to plug in your device. Simply plug in the cable in any direction and enjoy seamless connectivity like never before.

With our USB 3.1 Reversible Type-C Male to USB 3.0 A Male Charge & Sync Cable, you can rest assured that your devices are always charged and connected, without the need for multiple cables. Its superior quality and durability ensure that it lasts for years to come, making it a smart and worthwhile investment. Order yours today and enjoy hassle-free charging and data transfer like never before!

**Please note this is a directional cable - It can be used from a USB 3.0 PC to a USB Type-C device. But it cannot be used the other way around.**
