Description

HDMI® Extender 4K@ 60Hz Support | IR Repeat with HDMI Loop Through | Up to 50m

Elevate your audio-visual experience with our HDMI® Extender 4K@60Hz Support IR Repeat with HDMI Loop Through Up to 50m. This point-to-point extender kit offers zero-latency transmission, allowing you to enjoy visually lossless 4K@60Hz HDR resolution. Extend your HDMI signal up to 50 metres using CAT6/6A/7 network cable, giving you the flexibility to set up your entertainment system exactly how you want it. Furthermore, it supports 1080P@60Hz for an impressive distance of 70 metres, ensuring high-quality transmission even at longer distances.

Take control of your devices with bi-directional IR passback, enabling seamless remote operation from the receiver unit. With HDMI loop out functionality, effortlessly connect a local display and expand your possibilities.

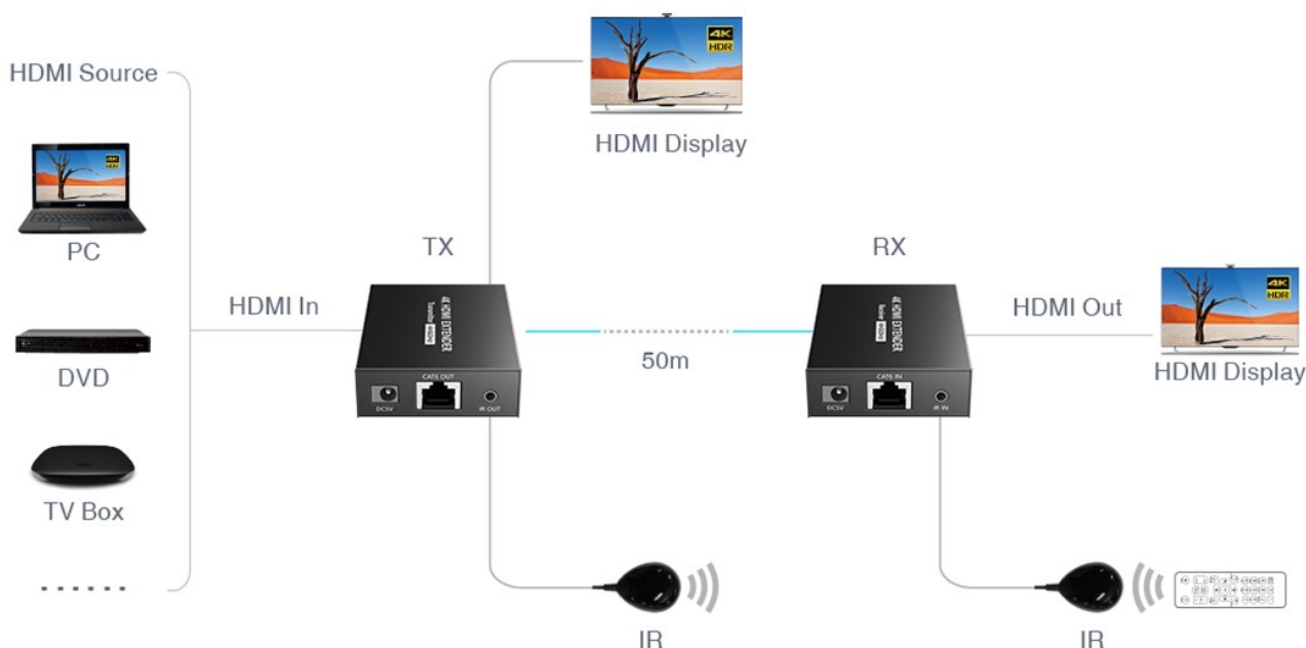

Rest easy knowing your equipment is protected with built-in Lightning, Surge, and ESD protection, while the durable metal enclosure ensures longevity. With support for 21:9 resolutions and multiple audio formats, this extender kit is designed to enhance your audio-visual setup.

Upgrade your connectivity today and unlock the true potential of your entertainment system with our HDMI® Extender 4K@60Hz Support IR Repeat with HDMI Loop Through Up to 50m. Enjoy superior performance, seamless transmission, and the convenience of extended reach, all in one advanced package. Elevate your audio-visual experience to new heights and immerse yourself in stunning 4K visuals and immersive soundscapes.
