TP-Link | RackMount Kit-19 | 19- Inch Switches Rack Mount Bracket Kit

The RackMount Kit-9 is a reliable and durable rack mounting solution designed for many 19-inch switches by TP-Link. To ensure compatibility, measure the size of the mounting ears and hole spacing of their switch, and if they match the kit's specifications, it can be used with the switch. The kit is constructed with sturdy metal materials, ensuring a secure and firm installation that minimizes the risk of falling. It offers compatibility with various switch models, a list of known compatible switches is listed below. This product provides a convenient and efficient way to mount switches and other compatible equipment in a rack, ensuring proper organization and easy access to networking devices.
