TP-Link | VIGI C540-W (4mm) | 4MP Outdoor Full-Colour Wi-Fi Pan/Tilt Network Camera

The TP-Link VIGI C540-W is a 4MP Outdoor Full-Colour Wi-Fi Pan/Tilt Network Camera that offers advanced surveillance capabilities. With its 4-megapixel high-definition resolution, this camera ensures exceptional clarity, capturing even the most intricate details. Its standout feature is the 24-hour full-colour capability, achieved through a high-sensitivity sensor and built-in spotlight LEDs, allowing it to deliver vivid and clear visuals even in complete darkness.

Equipped with powerful pan and tilt functionality, the camera supports customized patrol routes and auto-tracking, enhancing its ability to monitor critical areas effectively. This feature-rich camera is designed for seamless wireless outdoor connectivity, leveraging Wi-Fi signals for straightforward and rapid deployment. Its rugged construction with an IP66 waterproof rating ensures reliable performance in various weather conditions, making it suitable for outdoor use.

The TP-Link VIGI C540-W boasts smart detection capabilities, including motion detection, area intrusion, line-crossing, and video tampering alerts. These features empower users to receive real-time notifications and monitor camera feeds when specific events occur, such as boundary crossings or unauthorized access. Additionally, the camera employs H.265+ compression technology to transmit high-quality video while conserving bandwidth, minimizing storage usage, and reducing monitoring costs. The VIGI app provides convenient remote management, enabling users to control and monitor their security system from their smartphones, making it a comprehensive solution for property surveillance.

FEATURES

- **4MP High Definition:** The camera comes with 4MP—more than enough pixels to pick up some of the more discrete details
- **Lens:** 4mm
- **24h Full-Colour:** Obtain 24-hour colour details, even in pitch-black conditions, via a high-sensitivity sensor and included spotlight LEDs
- **Powerful Pan Tilt:** Customised patrol routes and auto-tracking provide more intelligent options to monitor key areas and improve security within your property
- **Wireless Outdoor Connection:** Simple and quick deployment with Wi-Fi signals
- **Waterproof:** Reliable IP66 for stable outdoor performance
- **Smart Detection (motion detection, area intrusion, line-crossing, video tampering):** Receive notifications and check feeds when someone crosses a boundary, enters an area you've set, or obstructs the camera
- **H.265+:** Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality
- **VIGI App:** Manage your security from the palm of your hand with the VIGI app

*Micro SD card is not included in the package.

WARRANTY

3-years limited warranty
