Description

1.2M USB 3.2 (GEN 2x2) USB Type C Male Cable | Supports 20Gbps and 100W

Experience Unrivaled Connectivity with Our 1.2M USB3.2 GEN2x2 20Gbps USB C to USB C Cable!

Looking for a cutting-edge USB C cable that takes your connectivity to the next level? Look no further! Our 1.2M USB3.2 GEN2x2 20Gbps USB C to USB C Cable offers a seamless blend of speed, power, and durability, making it a must-have accessory for your digital lifestyle.

Lightning-Fast Speeds: Harness the power of USB 3.2 GEN2x2 technology, delivering astonishing data transfer speeds of up to 20Gbps. Whether you're transferring massive files or streaming high-resolution content, this cable ensures swift and smooth performance.

Built to Last: Crafted with precision, our cable boasts an aluminum and braiding mesh design that's as durable as it is sleek. The gold-plated Type C male pins and nickel-plated shell, fortified with an interference shield IC:332B, guarantee a secure and interference-free connection every time.

Effortless Charging: Say goodbye to waiting around for your devices to charge. This cable is your key to 5A 100Watts fast charging prowess, thanks to its PD3.0 compatibility. Enjoy rapid charging like never before, making low battery a thing of the past.

Cinematic Visuals: Elevate your visual experience with 4K/60HZ video output, perfect for presentations, movie nights, and more. Thunderbolt 3 compatibility ensures seamless connectivity across a variety of devices, bringing your entertainment to life.

Sleek Aesthetics: The cable's black PVC casing, complemented by a sophisticated black gray and white cotton jacket, adds a touch of elegance to your tech setup. With an outer diameter of 4.7±0.2mm, it strikes the perfect balance between flexibility and sturdiness.

Upgrade to the Future of Connectivity with our 1.2M USB3.2 GEN2x2 20Gbps USB C to USB C Cable. Unlock the potential of lightning-fast data transfers, rapid charging, high-quality video output, and enduring durability in one exceptional package.

Please note that the actual performance may vary based on your device's specifications. Ensure compatibility with USB 3.2 GEN2x2 and Thunderbolt 3 technology for optimal results.

FEATURES

- **USB C Gen 2 cable:** Transfer of 4K video with a resolution of up to 4K@60Hz to a USB-C display, offering a crisper and sharper viewing experience
- **Open/Short/Intermittence:** 100%
- **Insulation Resistance:** DC 200V 0. OlS lOM ohm (min)
- **Conductive Resistance:** 2 ohm (MAX)
- **Hi-Pot:** 200V AC 0. OlS, lmA
- **B.SSD Speed Test:** Read 1S00MB/S(min) Write 1500MB/S(min

WARRANTY

1-year limited warranty
