TP-Link | VIGI C240 (2.8mm) | 4MP Full-Colour Dome Network Camera

Elevate your surveillance game with the TP-Link VIGI C240 4MP Full-Colour Dome Network Camera. This advanced camera boasts 4MP super-high definition, ensuring that you capture the finest details with precision. Whether it's for your home or business security needs, this camera delivers exceptional image quality, leaving no room for compromise.

One of its standout features is the ability to distinguish between humans, vehicles, and other objects, offering you precise and accurate event notifications. Smart detection capabilities encompass boundary crossings, area entries, obstructions, and object removal/abandonment alerts, giving you full control over your security. Plus, with a built-in microphone, this camera records audio within a 15-ft radius, providing you with an additional layer of surveillance.

The VIGI C240 is designed for durability and resilience. Its IK10 vandal-proof and IP67 waterproof ratings mean it can withstand vandalism and harsh weather conditions, ensuring your security remains constant, anywhere and anytime. Moreover, it supports H.265+ compression technology, allowing for crystal-clear video transmission without the need for extra bandwidth. This not only saves disk space but also eases network loads and ultimately reduces monitoring costs without compromising image quality. With flexible power supply options like Power over Ethernet (PoE) and 12V DC, installation is convenient and wiring is hassle-free. You'll also have complete control over your security system thanks to various management methods such as web UI, NVR UI, VIGI app, and VIGI Security Manager. The TP-Link VIGI C240 is your trusted partner for comprehensive surveillance and peace of mind.

FEATURES

- **4MP Super-High Definition:** The camera comes with 4MP—more than enough pixels to pick up some of the more discrete details
- **24h Full-Colour:** Obtain 24-hour colour details, even in pitch-black conditions, with its large-aperture lens, high-sensitivity sensor, and attached supplemental lights
- **2.8mm Lens:** TP-Link VIGI C240 4MP Full-Colour Dome Network Camera featuring a 2.8mm lens for superior image clarity
- **Human & Vehicle Classification:** Distinguishes humans and vehicles from other objects, so you receive more accurate event notifications
- **Smart Detection:** Receive notifications and check feeds when someone crosses a boundary, enters an area you've set, obstructs the camera, or removes/abandons objects
- **Built-In Microphone:** Features a built-in microphone to record anything going on within a 15-ft radius of the camera
- **IK10 Vandal-Proof & IP67 Waterproof:** With vandal-resistant, rugged housing and waterproof design, this VIGI dome camera is built tough to withstand vandalism and harsh environments with rain and dust for constant security anywhere and anytime
- **H.265+:** Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality
- **Smart Video Enhancement:** VIGI's professional technologies process videos to greatly improve their quality which is vital to your monitoring, including Smart IR, WDR, 3D DNR, and Night Vision
- **PoE/12V DC:** Two types of power supply not only give you more convenience but also make your wiring remarkably easy
- **Flexible Management and Storage:** Take full control over your security via four management methods: the web UI, NVR UI, VIGI app, and VIGI Security Manager. Local storage is available for each method, as well as onboard storage with SD card slot (up to 256GB)
