

Cable Cover for Carpet | Box of 25m Black

Product Images

Description

Cable Cover for Carpet | Box of 25m Black

Minimise the risk of trips in the workplace, or easily conceal unsightly cords with the amazingly versatile Cord Cover for Carpet. Simply lay it over your cords, and the hooks on the underside grip the carpet to secure them in place. The void along the middle also allows you to easily adjust cords or reconfigure your setup without the need to remove the cords. Re-usable over 1000 times, machine washable, and a fraction of the price of other carpet cord covers, and the low profile is a must-have for any

office, boardroom, meeting room, or public space.

We don't recommend the product for cut-pile carpets, as this carpet has the normal loops cut and therefore they are not available for the hooks to cling onto. We also don't recommend for use with wool carpets as they are usually more delicate than standard nylon carpets.
