Description

OE Elsafe | PIP2 648500 | Mounted Desktop Power 1 x GPO 1 x TUF-R 25W with 2000mm Lead and 10a Three Pin Plug | BLACK

Upgrade your workspace with the OE Elsafe PIP2 Mounted Desktop Power unit, offering seamless integration and convenient access to power and charging options. Available also in white (PIP2 648501), these modern low-profile power units are designed for commercial spaces, blending effortlessly with your furniture for a sleek and professional look. Whether you prefer a flush faceplate for minimalist aesthetics or an ergonomically designed 8° angled faceplate for enhanced accessibility, OE Elsafe has you covered.

FEATURES

- Choice of flush or angled faceplates for personalized style
- Built with up to 60% recycled plastic content for eco-conscious design
- Includes 1 x GPO (General Power Outlet) and 1 x TUF-R (Twin USB Fast Charger) with 25W output
- Equipped with a 2000mm lead and a 10A three-pin plug for easy connectivity
- Auto-switched AC power sockets for efficient operation
- TUF-R USB modules for quick and simple replacement without turning off power or calling an electrician

- Reversible Type-A USB Port for easy and secure connections
- TUF-R designed for public spaces with no data transfer capability, ensuring safety and security
