Description

Fibre wall outlet base splice tray, shuttered, SC/A through connectors, with cover | White **NBN SKU 10002863**

Introducing the Fibre Wall Outlet Base Splice Tray - your gateway to seamless fiber connectivity for your home or office. Designed for maximum efficiency and durability, this FTTP wall outlet ensures a reliable connection for your single fiber service. Equipped with a shuttered SC/A connector and a cover, it not only protects against dust but also serves as a safety measure against viewing lasers.

Upgrade your fiber connectivity experience with the Fibre Wall Outlet Base Splice Tray. Whether you're a homeowner or a business professional, this reliable solution ensures optimal performance and longevity, making it a must-have for modern connectivity needs.

FEATURES

- Full height, snap-on cover for enhanced protection and easy access
- Spring-loaded flap to cover connector position when not in use, ensuring dust exclusion and safety
- Mounts with standard GPO mounting brackets and modules at 84mm centers, offering versatile installation options
- Supplied with a shutter type A/SC through adapter with a ceramic zirconia ferrule, ensuring < 0.1 dB insertion loss
- Available in FRHF or polycarbonate material for flexibility and durability
- Manages 900 micron fiber or 2mm diameter cords internally, with an MBR of 15mm, ensuring efficient cable management
- Compatible with various premise cables, including 2.4mm, 2.9mm, and 4.8mm nominal diameter cords
- Supports fusion splice or mechanical splice between premise cables and fiber pigtail, facilitating field type termination A/SC connector
- Compatible with 3M Onepass Unit fiber for seamless integration
- Safety label provided inside the removable cover for added precaution
- Able to accept pre-terminated A/SC connectors from rear input, supporting both field terminable and field splice-on connectors
- Can mount on standard GPO style Build-out modules for convenient fiber cord storage
- Removable, clip-on cover for ease of access and maintenance
- Available as a single unit with an ivory-colored cover, blending seamlessly with your surroundings
