**Description**

# Global 4 Core Security Cable 7/0.20 Unshielded 300m | White

This 4 core security cable is the perfect solution for all your security installation needs. It's a high-quality, 4-core stranded cable designed specifically for security systems, ensuring reliable performance and durability. With its count-down metre marking, you can easily keep track of the remaining cable length, making installation a breeze. The batch numbering feature ensures quality control, giving you peace of mind.

The cable comes conveniently packaged in a pull box with a protective reel and stand, making delivery and handling effortless. It's also CTick and RoHS compliant, meeting industry standards for safety and environmental regulations.

## FEATURES
