4C | Rackmount KVM Switch | 1 Port 19" LCD Single Rail Rackmount DVI KVM

The 006.008.8001 is a 1U Rackmount DVI KVM Console designed to facilitate server management in data centers, server rooms, and similar environments. This model features a 19-inch LCD display with a resolution of 1280x1024, ensuring clear and sharp visuals. It supports DVI connectivity, which provides high-quality video output.

This KVM console is designed for easy installation with quick release tabs and slide rails that support various rack types, including square, round, and threaded hole racks. Its robust metal construction ensures durability in demanding environments

FEATURES

- **DVI Support:** Enables high-resolution video display via DVI connection
- **Compact Design:** Fits in a 1U space in a server rack, making it an efficient solution for environments with limited space
- **Integrated Controls:** Includes an on-screen display (OSD) for adjustments such as brightness and contrast, enhancing user control over display settings
- **Security Features:** Offers two-level password security, ensuring that both administrative and user access is protected

SPECIFICATIONS

- **Display:** 19-inch LCD with a resolution of 1280x1024
- **Keyboard:** Includes a 99-key keyboard with an integrated numeric keypad
- **Mouse:** Features an integrated touchpad, eliminating the need for a separate mouse
- **Power Consumption:** Operates with a power consumption of 13W
- **Physical Dimensions:** The unit's dimensions are 615mm x 765mm x 185mm
- **Weight:** 17kg

WARRANTY

3-year limited warranty
