

PortaPow Fast Charge Micro USB Cable - 300cm

Product Images

Description

Charge micro USB smartphones, tables, and other devices super fast with PortaPow. Allows you to charge full speed from a power charger or computer USB socket, 2-3 times faster than normal cables. This cord uses 'dumb USB specifications' which essential restrict it to transferring power only, preventing data theft, viruses, and hackers from your device.

Features

- Follows 'dumb' USB specs, allowing for full power from source.
- Prevents device going into 'data transfer' mode when connected for virus protection.
- 20 AWG thick, low resistance copper cable - up to 3A charging.
- Thicker plastic housing, extra reinforcement on both ends.

Specs

- Material: N/A
